

*Empowered lives.  
Resilient nations.*

25 September 2018

Dear Ms Dinu,

**Subject: Co-financing of the project: “Building climate resilience of vulnerable agricultural livelihoods in southern Zimbabwe”**

Reference is made to the above subject as part of the submission requirements for the project proposal “**Building climate resilience of vulnerable agricultural livelihoods in southern Zimbabwe**” to the Green Climate Fund. I am pleased to confirm UNDP Zimbabwe’s co-financing to the project of US\$ 1,205,000. This commitment is in cash.

This new and additional co-financing is leveraged to complement GCF resources for scaled up climate-resilient agricultural production and diversification through increased access to climate-resilient inputs, practices and markets (Output 2); and project management (output 4).

I confirm that the above stated resources have been committed to contribute to the achievement and objectives and outputs of the project that is submitted to the Green Climate Fund.

Yours sincerely,  
  
Georges van Montfort  
Country Director
